DENIAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

deny same on the ground that the applicant, after due notice, failed to forward the fee required by law to be paid in advance for issuing and recording permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed _____ cubic feet per second.

Actual construction work shall begin on or before _____

Proof of commencement of work shall be filed before _____

Work must be prosecuted with reasonable diligence and be completed on or before _____

Proof of completion of work shall be filed before _____

Application of water to beneficial use shall be made on or before _____

Proof of the application of water to beneficial use must be filed with State Engineer on or before _____

Map Filed July 9, 1930 under 9255

Application reinstated April 8, 1933, upon payment by applicant of required fees for issuance of permits and filing of affidavit by D.M. Findlay, general manager of Rhyolite Consolidated Mines Company to effect that previous notices regarding fees had not been received by him.

Month Month

(i) Remarks _____

_____, Engineer.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights. It is understood that the six-tenths (0.6) cubic foot of water per second herein granted is only a temporary allowance and the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is further understood that accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.6 cubic feet per second.

Actual construction work shall begin on or before October 1, 1933.

Proof of commencement of work shall be filed before November 1, 1933.

Work must be prosecuted with reasonable diligence and be completed on or before October 1, 1935.

Proof of completion of work shall be filed before November 1, 1935.

Application of water to beneficial use shall be made on or before October 1, 1936. Proof of the application of water to beneficial

use must be filed with State Engineer on or before November 1, 1936.

Proof of labor filed Sept 6, 1935

Proof of completion of work filed NOV - 1 1935

Cancelled MAR 10 1941 because of failure

of applicant to comply with the provisions of permit

WITNESS MY HAND AND SEAL this 10th day
of April, 1933.

GEO. W. MALONE

State Engineer.
